Meetings at ABS are of two kinds. STATUTORY meetings (Annual/Extraordinary RUPS, Board of Directors, Board of Commissioners) use FRM-CS-01 (Notice) and FRM-CS-02 (Minutes) and MUST record quorum per the articles of association. OPERATIONAL meetings (weekly, coordination, cross-entity) use FRM-CS-07 — no quorum, entities written as free text (e.g. "ABS + BSN"), a working note with no legal force. All Corp Sec forms are governed by ABS-CS-SOP-001 to 005.

FRM-CS-07 — Operational Meeting Minutes

OPERATIONAL MEETING MINUTES

Form FRM-CS-07 · SOP Reference: ABS-CS-SOP-001

Record non-statutory operational meetings (weekly, coordination, cross-entity) as a working note. No quorum and no legal force; statutory meetings use FRM-CS-01 & FRM-CS-02.

FORM IDENTIFICATION

No quorum is recorded for operational meetings.

3. Agenda & Discussion

No	Agenda item	Discussion summary

4. Decisions & Agreements

No	Decision / agreement	Notes

Working notes only — not legal resolutions. Decisions requiring a notarial deed follow the statutory route (FRM-CS-02 / ABS-CS-SOP-002).

5. Action Items

Confirmation attests to the accuracy of the record only; it is not a legal ratification. Statutory meetings (RUPS / Board of Directors / Board of Commissioners) must use FRM-CS-01 & FRM-CS-02 with quorum per the articles of association (ABS-CS-SOP-001).

FRM-CS-08 — Confidential / Off-Drive Records Register

PT AGATHOERGEO BRAKAH SIROS
Corporate Secretary

CONFIDENTIAL / OFF-DRIVE RECORDS REGISTER

Form FRM-CS-08 · SOP Reference: ABS-CS-SOP-001

Record the *EXISTENCE* and custody of confidential records kept physically or off the Shared Drive — never their content. Reference numbers use the normal series so the sequence shows no gaps.

FORM IDENTIFICATION			
Form ID	FRM-CS-08	Version	1.0
SOP Reference	ABS-CS-SOP-001	Date	[YYYY-MM-DD]
Entity	[ABS / BSN / APW / WAC / Group]	Unit	Corporate Secretary
Prepared by (PIC)	[Name / Position]	Reference No.	[REG-CS-08]
Status	ACTIVE (IN FORCE)	Effective Date	2026-07-29

1. Scope

What this register records	Existence, reference number, and custody of confidential / off-Drive records — METADATA ONLY.
What it must NOT contain	Agenda, discussion, decisions, participants, attachments, or any document content.

2. Register (metadata only — no content)

N o	Reference No.	Date	Record type (ver / status)	Classification	Physical custodian & location	Status
1	MTG-2026-005	2026-07-21	Operational MoM (v1, CONFIRMED)	Confidential	[Corp Sec — physical file / safe]	Archived (physical only)
2	MTG-2026-008	2026-07-27	Operational MoM (v1, CONFIRMED)	Confidential	[Corp Sec — physical file / safe]	Archived (physical only)
3	MTG-2026-009	2026-07-28	Operational MoM (v1, CONFIRMED)	Confidential	[Corp Sec — physical file / safe]	Archived (physical only)

Reason for off-Drive storage (e.g. project sensitivity) and the access route (whose approval is needed to open the physical record) are recorded per entry by the custodian. Access to any physical record is a human gate.

3. Approval

Maintained by (Corp Sec Officer)	Verified (Corporate Secretary)
Name / Position / Date	Name / Position / Date

This register makes confidential records TRACEABLE without exposing their content. It does not let anyone (including Oversight) read the record itself — that remains physical and gated. Its purpose is only to prevent an untracked, invisible document and to keep the reference-number sequence intact.
