CONFIDENTIAL / OFF-DRIVE RECORDS REGISTER

Form FRM-CS-08 · SOP Reference: ABS-CS-SOP-001

Record the *EXISTENCE* and custody of confidential records kept physically or off the Shared Drive — never their content. Reference numbers use the normal series so the sequence shows no gaps.

FORM IDENTIFICATION			
Form ID	FRM-CS-08	Version	1.0
SOP Reference	ABS-CS-SOP-001	Date	[YYYY-MM-DD]
Entity	[ABS / BSN / APW / WAC / Group]	Unit	Corporate Secretary

This register makes confidential records TRACEABLE without exposing their content. It does not let anyone (including Oversight) read the record itself — that remains physical and gated. Its purpose is only to prevent an untracked, invisible document and to keep the reference-number sequence intact.
